The 15th AUNILO Meeting, 5-6 August 2019, Universitas Gadjah Mada, Indonesia

Opening Address

By Prof. Ir. Panut Mulyono, D.Eng., M.Eng., IPU., Rector of Universitas Gadjah Mada

Dr. Choltis Dhirathiti (Executive Director of ASEAN University Network),

Dr. Chito N. Angeles (Library Director of the University of the Philippines, the Chairperson of the AUNILO Secretariat),

Prof. Dr. Ir. Djagal Wiseso Marseno., M.Agr. (Vice Rector of Education, Learning, and Student Affairs),

Dr. Hatma Suryatmaja, S.Hut., M.Si. (Director, Center of Academic Innovation and Studies, Universitas Gadjah Mada),

The distinguished delegates, Ladies and Gentlemen

Good morning. Welcome to Universitas Gadjah Mada, Welcome to Yogyakarta!

On behalf of Universitas Gadjah Mada I feel honored to welcome you all to the 15th AUNILO Meeting and the 2nd AUNILO Strategic Planning Meeting. The theme of this year's meeting is **"Enhancing Roles of AUN Libraries in Supporting Education 4.0: Challenges and Opportunities"**.

As we all realize that the fourth industrial revolution, also referred as the Industry 4.0 that adopts new technologies and brings new trends such as the Internet of Things (IoT), robotics, virtual reality (VR) and artificial intelligence (AI) has significantly disrupted all sectors and all institutions, including higher education institutions. The demand to be able to produce highly competent human capital, the millennial and post millennial generation who are not only digitally and technologically literate, but also agile requires higher education institutions to innovate and formulate new strategies in developing learning methods and systems through the best possible utilization of the emerging new technologies.

Therefore I would like to use this opportunity to express my sincere appreciation to our keynote speaker, Dr. Hatma Suryatmaja, S.Hut., M.Si., the Director of the Center of Academic Innovation and Studies, Universitas Gadjah Mada who will give a lecture entitled **"Strategies of Education 4.0 for Millennial and Post Millennial Generation"**.

We also understand that university libraries are supporting units of the university that facilitate resources and provide services for the academia in doing their educational, learning and research activities. Hence, to be able to provide contents that meet the needs for reliable, current, relevant as well as easily and seamlessly accessible learning resources, the library needs to facilitate staff to gain skills and new insights in developing and managing digital resources. So, I think the workshop with the topic **"Library Portal Content Enrichment through Open Educational Resources"** is very much relevant with the current condition considering that the need for learning resources can be unlimited whereas the institution's capacity to meet all the needs may be limited.

I hope all of you have productive discussions throughout the event. Wish you a pleasant stay and memorable experience at Universitas Gadjah Mada and Yogyakarta.

May I now declare the opening of the 15th AUNILO Meeting: **"Enhancing Roles of AUN Libraries in Supporting Education 4.0: Challenges and Opportunities"**.

Thank you.
